GEC ENGLISH FOR CHILDREN

➔ Point 1. EXPERIENCED EARLY LEARNING TEACHERS

We only work with the best teachers that have the highest English teaching qualifications, strong skills in motivating children and the ability to be vibrant and engaging every time. At Global English Centre we are continually training our teachers to be better, and when they improve, you improve.

➔ Point 2. ACCERLERATED LEARNING IN A FUN ENGAGING ATMOSPHERE

Children will absorb English through games, songs and stories. Fun activities will introduce them to the sounds and structure of English. This early exposure to English will spark children's interest and lay a foundation for future study.

➔ Point 3. SMALL CLASS SIZES FOR INCREASED SPEAKING TIME

Children are placed into small groups with a focus on the 4 skills of reading, writing, speaking and listening. This allows them to improve their English in a relaxed and fun environment. The classroom activities used are designed for small groups of young learners focusing on pronunciation, increasing range of vocabulary, simple grammar and natural self-expression in English.
